Bio

Chicago-based UX designer and developer building adaptive, accessible experiences, from wireframe to working code. I have a wide range of skills to bring to the table, accompanied by real-world experience that makes me a versatile teammate in any work setting.

Education

DePaul University - 2026

Chicago, IL

B.S. in User Experience Design

Minor in Graphic Design

Minor in Information Technology

Experience

Caterpillar / Designer and Developer

JANUARY - JUNE 2026, CHICAGO, IL

Researched, designed, and prototyped an SSO solution for CAT machine access control.

Culture Canvas Cafe / Designer and Developer

APRIL - JUNE 2025, CHICAGO, IL

Collaborated with a local nonprofit to design and develop a website for their community space, art gallery, and cafe.

Dom's Kitchen and Market / eCommerce Specialist

MAY 2023 - APR 2024, CHICAGO, IL

Maintained native ordering and delivery platform, as well as managing third-party delivery apps.

Munster Animal Hospital / Kennel Care and Booking

JUNE 2022 - MAY 2023, MUNSTER, IN

Maintained the booking system and took care of cats and dogs boarding at Munster Animal Hospital's kennels.
